Newest Segment of the Sam Rayburn Tollway Likely to Open Ahead of Schedule

Plano, TX – A progress report delivered to the North Texas Tollway Authority (NTTA) System Projects and Operations Committee on Monday indicated that Segment 3 of the Sam Rayburn Tollway (SRT) is likely to open to traffic ahead of its January 2010 anticipated completion date.

“We are hopeful that if construction continues to progress on schedule, the project could reach substantial completion by fall,” said Elizabeth Mow, NTTA director of project delivery.

Segment 3 is approximately 6.88 miles long and extends from Hillcrest Road to Hardin Boulevard. It is the next segment in the SRT corridor, which stretches approximately 26 miles southwest to northeast, linking the Dallas/Fort Worth International Airport and growing communities in Collin, Dallas and Denton counties.

Segments 1 and 2 are open to traffic and extend from Denton Tap Road in Coppell to Hillcrest Road on the Plano/Frisco line. Once complete, Segment 3 will round out nearly 23 miles of vital roadway needed for improved mobility.

The SRT has two additional segments to be constructed:

- Segment 4 – 2.94 miles, from Hardin Boulevard to east of Medical Center Drive including the SRT/U.S. 75 interchange; scheduled to open by January 2011.
- Segment 5 – .33 miles, consists of adding direct-connect bridges to the SRT at the Dallas North Tollway; scheduled to open by January 2012.

When complete, the SRT will feature six main lanes and all-electronic toll collection.

For more information on the SRT and other NTTA roadways, visit www.ntta.org.

About the NTTA

The North Texas Tollway Authority, a political subdivision of the state of Texas, is authorized to acquire, construct, maintain, repair and operate turnpike projects in the north Texas region. The nine-member governing board is comprised of Chairman Paul N. Wageman; Vice Chairman Victor Vandergriff; and Directors Kenneth Barr, Gary Base, Bob Day, David Denison, Michael Nowels, Bob Shepard and Alan E. Sims.

The NTTA serves Collin, Dallas, Denton and Tarrant counties and is responsible for the NTTA System, consisting of the Dallas North Tollway, President George Bush Turnpike, Sam Rayburn Tollway, Addison Airport Toll Tunnel, Lewisville Lake Toll Bridge and the Mountain Creek Lake Bridge. The NTTA is able to raise capital for construction projects through the issuance of turnpike revenue bonds. NTTA toll projects are not a part of the state highway system and receive no direct tax funding. Tolls are collected to repay debt and to operate and maintain the roadways.

Visit the NTTA Web site at www.ntta.org or call 214-461-2000 for additional information about the NTTA. For customer service, please call 972-818-NTTA (6882).
