### **Chisholm Trail Parkway (CTP) in Fort Worth**

**Now through mid-February: Traffic switch at I-20 westbound frontage from Insurance Lane to Bryant Irvin Road exit ramp (TxDOT project):**

As part of the ongoing Chisholm Trail Parkway construction, construction crews will perform a traffic switch on the Interstate 20 westbound frontage road between Insurance Lane and the Bryant Irvin exit ramp. Motorists coming from Insurance Lane or the eastbound SH 183 Insurance Lane exit ramp will be shifted over to a new lane on the westbound Interstate 20 frontage road in front of the Southwest Crossing retail center. Motorists can still access businesses located in the Southwest Crossing retail center by using three open driveways along the westbound frontage road prior to Bryant Irvin Road. This traffic shift will allow crews to complete construction of the final driveway along the frontage road and then open both westbound Interstate 20 frontage road lanes in their final configuration.

*(Continued on next page)*

**Chisholm Trail Parkway (CTP) in Fort Worth—continued****Now through mid-March**

Construction crews switched traffic to a new section of frontage road on eastbound SH 183 between Bryant Irvin Road and Insurance Lane. As part of the traffic switch, the existing eastbound Bryant Irvin Road entrance ramp to SH 183 will be closed. Access to SH 183 eastbound from Bryant Irvin Road will be restored in approximately two months, when crews are able to complete the construction of a temporary ramp. Motorists wanting to travel eastbound from the Bryant Irvin Road area towards Hulen or I-20 should instead take the eastbound I-20 frontage road.

**Now through spring 2013**

Northbound Hulen Street traffic is diverted onto the southbound lanes of Hulen Street at Bridgeview Road. The new traffic pattern will be in effect through spring 2013.

**Now through spring 2013: Various daily lane closures and mobility impacts in the Section 3A area (TxDOT project):**

- Eastbound and westbound SH 183/Southwest Boulevard reduced to one lane in each direction for the reconstruction and lowering of the main lanes.
- Eastbound SH 183/Southwest Boulevard frontage road reduced to one lane from Bryant Irvin Road to Insurance Lane.
- Westbound SH 183 frontage road reduced to one lane between Insurance Lane and Country Day Lane.
- Westbound entrance ramp from Insurance Lane to SH 183 is permanently closed.

**Now through 2013 (TxDOT project)**

SH 183 from Crosslands Road to Bryant Irvin Road is now reduced to one lane through 2013 for the construction of connectors to the future SH 121/Chisholm Trail Parkway. This 24-hour-a-day closure will be extended from Bryant Irvin Road to Hulen Street for the reconstruction and the lowering of the SH 183 main lanes by approximately 40 feet.

**Now through 2013: Hulen Street Closures**

Construction crews closed the northbound lanes of Hulen Street from Stonegate Boulevard to Hulen Place to allow for construction operations. Traffic on northbound Hulen Street is diverted onto the western half of the Hulen Street bridge. This has created one lane of traffic in each direction on the west half of the Hulen Street bridge across the UPRR's Davidson Yard. This closure will remain through 2013.

**Long-term closures**

- North- and southbound old University Drive from north of I-30 at Rock Springs Road to just south of the Union Pacific Railroad at University Drive
- One lane of eastbound Vickery Boulevard from west of Rogers Road to University Avenue
- East- and westbound West Vickery Boulevard from Forest Park Boulevard to just west of Summit Avenue
- I-30 westbound frontage road from east of 15<sup>th</sup> Avenue

**Permanent closure**

Southbound 15<sup>th</sup> Avenue between the westbound U-turn I-30 frontage road and Vickery Boulevard
