

NTTA SYSTEM UPGRADE

FREQUENTLY ASKED QUESTIONS

WELCOME TO NTTA'S NEW ACCOUNT MANAGEMENT SYSTEM.

As part of our new system upgrade, any toll road transactions from Jan. 1-10 were delayed in posting to your account. Those transactions will be processed and be posted to your account in the coming days now that our new system is operational.

No late fees will be charged to customers as a result of our system transition.

GENERAL

Q. [What's new with the system?](#)

- A. Our new system has many new features, including:
- A new, user-friendly way to manage your account
 - An improved, mobile-friendly version, so paying your bill is easy and convenient
 - A new look for our app, Tollmate (available for customer download after Jan. 11)
 - Ability for customers to choose their account replenishment amount based on their average toll road use

TOLLTAG CUSTOMERS

Q. [How is my TollTag account affected?](#)

- A. As part of our recent upgrade, we had to delay processing toll transactions from Jan. 1-10. As the new system begins processing transactions from this period, your credit/debit card may see more frequent NTTA charges, depending on how often you used toll roads during this time.

Q. [Will the password for my TollTag account change in the new system?](#)

- A. No, your password will remain the same. However, if you can't remember your password, just click "forgot password" on the home page and you will receive an email with instructions on how to set a new password.

Q. [Why are you asking me to answer new security questions and create a PIN?](#)

- A. Our new system has enhanced security.

Q. [Has a PIN been assigned to me?](#)

- A. Yes. Your default PIN is the last four digits of the driver's license number on your account.

Q. Why haven't I received charges for my recent airport parking?

A. Any airport and toll transactions from Jan. 1-10 will be processed as our new system begins operating on Jan. 11. There may be delays in posting these parking transactions to your account. Thank you for your patience.

Q. I drove in Austin/Houston/Kansas/Oklahoma recently, why haven't I seen charges on my TollTag account yet?

A. As part of our new system upgrade, any toll road transactions from Jan. 1-10 were delayed in posting to your account. Those transactions will be processed and be posted to your account after Jan. 11, when our new system is operational. We appreciate your patience as we resume operations.

Q. I have a TollTag, why am I receiving ZipCash bills?

A. TollTag customers will receive ZipCash invoices if they do not update the account with new vehicle or credit card information, or if there are not enough funds in the account to pay the applicable tolls. TollTag customers will be notified, however, if the account information isn't updated, ZipCash invoices will be sent at the higher toll rate.

ZIPCASH CUSTOMERS

Q. My invoice or a payment was due when your website was unavailable. Will I be charged late fees?

A. No.

Q. I use ZipCash, will my password change in the new system?

A. Yes, the new system will now require you to create a new password. The first time you use the new system, you will be prompted to enter your account number and email associated with your current ZipCash statement, then prompted to create a new password. Your account number can be found at the top of your ZipCash invoice.

**Q. Will I continue receiving my statement via email?
Do I have to do something to ensure that I keep receiving it?**

A. Yes. You will need to re-register for electronic invoices in the new system. Here are the options:

- You can use the same account number you used previously
- If you don't have your ZipCash account number available, you can just create a new account
- If you don't establish an account with our new system, you will receive a paper invoice by USPS mail

Q. I have a payment plan payment due during your upgrade, what should I do?

A. You will be able to make payment to your account now that our new system is operational. There will be no late fees or other penalties assessed for payments due while our system was offline. NTTA Customer Service will now take those payments. Please call us at: 972-818-6882 or 817-731-6882.

Q. Will my ZipCash invoice affected?

A. Any toll transactions during the recent transition to our new system, Jan. 1-10, will be included in an invoice you will receive after Jan. 11 when our new system is operational. Because toll transactions from Jan. 1-10 will be included in your next invoice, the amount due may be higher than usual. You will be given additional time to pay this invoice and no late fees will be assessed during this time.

TOLLPERKS

Q. Was my TollPerks account affected by the upgrade?

A. No. All **TollPerks** points earned while our account system was offline will be added to your account after Jan. 11. We appreciate your patience.

TOLLMATE

Q. Is Tollmate affected?

A. **Tollmate** and its new look will be available for download after Jan. 11. Visit the [Apple Store](#) or [Google Play](#) to get the new version.
