Dear

You failed to have a toll tag in place during a recent transaction. The NTTA tolling system has tracked your license plate and now has partnered with the Texas DMV to ensure violators can provide payment. A \$200 fine or suspended license are the maximum penalties in the event you fail to pay applicable tolls. This is NOT a bill, but a notification that payment is required.

This is an initial offense for this license plate. Please service your debt in the shortest possible time.
