The future Dallas North Tollway (DNT) Phase 4 project will extend the tollway 13.7 miles north of U.S. 380. When this extension is complete, it will provide a direct link between downtown Dallas and growing areas in Collin, Denton and Grayson counties. The project is currently in the planning and design phase.

### WHAT HAPPENED BETWEEN JULY AND OCT. 2019?

- A Notice Affording the Opportunity for a Public Hearing for the DNT Extension over U.S. Highway 380 was published July 23, 2019. The deadline for requests was Aug. 23, 2019. A hearing was not requested.
- Development of the frontage road for DNT Phase 4B continued. This frontage road will initially be built as a two-lane road, allowing travel in both directions.
- Design and engineering work on the DNT main lane extension over U.S. 380 continued.
- At its August meeting, the NTTA Board of Directors awarded a contract for environmental engineering services to Garver for the DNT 4A project. Environmental work has begun.

### WHAT'S NEXT?

- Coordination with stakeholders and partners continues.
- Design of the frontage road between the Grayson County line and FM 428 continues.
- Environmental engineering work on the DNT 4A project continues.
