

NEPA Environmental Documentation (Federal/State Funding)

NEPA environmental documents for NTTA projects should include the following topics/contents, as applicable:

- Table of Contents
- List of Acronyms
- Executive Summary
- Introduction and Project Description
- Need and Purpose
- Traffic
- Design
- Alternatives
- Right-of-way
- Displacements and Relocations
- Community Impacts
 - Socio-Economic Impacts*
 - Community Cohesion*
 - Impacts of Tolling*
 - Environmental Justice*
 - Limited English Proficiency*
 - Public Facilities and Services*
 - Pedestrians and Bicyclists*
 - Aesthetic Considerations*
- Project Setting
- Land Use
- Soils
- Farmlands
- Beneficial Landscape Practices
- Invasive Species
- Vegetation
- Wildlife
- Threatened and Endangered Species
- Historic and Archeological Properties
- Parkland
- Waters of the U.S.
- Water Quality
- Wild and Scenic Rivers
- Floodplains
- Permits
- Traffic Noise
- Air Quality
- Mobile Source Air Toxics
- Hazardous Materials
- Construction Impacts
- Indirect Impacts
- Cumulative Impacts
- Public Involvement
- Mitigation and Monitoring Commitments
- Summary
- Determination of Assessment
- References

List of Tables (may vary depending on nature of project)

Population Trends
Existing Structures Along "Project" from "Begin Project" to "End Project"
Percent Increase of Projected ADT
Waters of the U.S. within Proposed ROW and Easements
Federal and State Listed Threatened/Endangered Species in "Project" County
Woodland Areas
Carbon Monoxide Concentrations
Air Receiver Locations and CO Concentrations
Operational Improvements in the Travel Corridor
Local Monitor Data for Air Toxics
Sensitive Receptors
Sensitive Receptors along Proposed Project Corridor
Mass of MSAT Emissions in Tons/Day
Percentage LEP Population: 1999
Median Household Income and Poverty Status
Comparison of "Project" Origin-Destination Data
Summary of Potential Displacements
Available Housing for Single Family Residential Displacements
Commercial Displacements/Potentially Impacted Employees
Comparison of Census Block Groups regarding Displacements and Environmental Justice
FHWA Noise Abatement Criteria
Traffic Noise Levels
Noise Barrier Proposal
Community Impact Assessment Summary
Regulatory Databases and Minimum Search Distances
High Risk Sites
Low Risk Sites
Eight Step Approach to Estimate Indirect Impacts
Examples of Indirect Effects
Housing Characteristics for "Project" Counties
"Project" Counties Building Permits (19XX – 20XX)
School District Enrollment Totals
Notable Features for Indirect Impact Analysis
Levels of Service
Volume/Capacity to Level of Service
2030 Levels of Service within the Traffic Study Area
Traffic Accident Data
Resource Indicators and Study Areas for the Cumulative Impacts Analysis
DFW Emissions and VMT Trends
Anticipated Relocations and Displacements
Resources Included in the Cumulative Impacts Analysis
Impacts Evaluation Matrices

List of Exhibits (may vary depending on nature of project)

Project Location Map
Topographic Map
Existing and Proposed Typical Sections
Proposed Realignment Design
Alternative Alignments
Site Photographs
Constraints Map
Wetland Delineation Map
Soils Map

Noise Receivers and Contours Maps
Proposed Detention Ponds Map
FEMA Floodplain Maps
Vegetation Types
Tree Removal Maps
Archeology High Probability Areas
Mobile Source Air Toxics (MSAT) Sensitive Receptors
MSAT Affected Transportation Network
2000 Census Blocks Map
Census Block Groups and Displacements
Traffic Serial Zones (TSZ) and Environmental Justice (EJ) Population – Build Scenario
TSZ and EJ Population – No-Build Scenario
TSZ Number of Trips for the Build Scenario (2030 AM Peak)
Number of Trips per EJ TSZ – Build Scenario
Indirect Impacts Analysis Study Area
Cumulative Impacts Analysis Study Area

List of Appendices (may vary depending on nature of project)

Agency Correspondence
Historic Resources Survey Report
Intensive Cultural Resources Survey Report
Hazardous Materials Database Search
Section 4(f) Evaluation
Indirect Land Use Impacts Assessment
Public Meeting/Hearing Summary Reports
Other Technical Reports
Supporting and/or Supplemental Data
