CHAPTER 12

INDEX TO FEIS SECTIONS

<u>IMPORTANT SUBJECTS</u>	<u>PRINCIPAL LOCATION</u>	
	<u>Section</u>	<u>Page</u>
A ccess Considerations	2.5	2-37
Access to IH-35E	2.5.1	2-37
Access to Interchanges	2.5.2	2-38
Access to Parks	2.5.3; 2.5.4	2-40; 2-41
Access Roads	2.5.6	2-41
Air Quality - Construction	4.21.6	4-197
Air Quality - Construction - Minimization of Impacts	5.8.2	5-31
Air Quality - Existing	3.6	3-150
Air Quality - Impacts	4.15	4-155
Archeological Resources - Existing	3.3.1.3	3-56
Archeological Resources - Impacts	4.7.1	4-81
B enefit/Cost Analysis	6.8	6-10
Bicycle and Pedestrian Facilities - Impacts	4.6.5	4-79
Build Alternatives Not Advanced	2.3.1	2-12
Build Alternatives Under Consideration	2.3.2	2-16
Build Alternative – Recommended	2.9	2-140
C limatology	3.5.2	3-112
Commitment of Resources	4.23	4-200
Community Cohesion - Existing	3.1.6	3-26
Community Cohesion - Impacts	4.3.1	4-9
Community Impacts - Construction	4.21.1	4-193
Community Impacts – Mitigation	5.9.10	5-38
Community or Public Resources - Impacts	4.3.3	4-50
Community Setting	3.1	3-1
Compatibility with Local Plans and Policies	4.2	4-3
Construction in the Dallas Floodway	2.7.1	2-52

<u>IMPORTANT SUBJECTS</u>	<u>PRINCIPAL LOCATION</u>	
	<u>Section</u>	<u>Page</u>
Continental Avenue Viaduct - Mitigation	5.9.9	5-37
Cost Estimate for the Trinity Parkway	6.4	6-3
Cost Estimates for Flood Damages	6.6	6-8
Cost Sharing	6.2	6-2
Cultural Resources and Parklands - Existing	3.3	3-51
Cultural Resources and Parklands - Impacts	4.7	4-81
Cultural Resources and Parklands - Minimization of Impacts	5.6	5-28
Cumulative Impacts	4.26	4-224
D allas Floodway – Construction	2.7.1	2-52
Dallas Floodway – Facility O&M	2.7.3	2-61
Design Speed and Park Access	2.4.2	2-37
Development Process	1.6	1-41
E conomic Impacts	4.5	4-60
Emergency Action Plan – Dallas Floodway	2.7.4	2-63
Energy and Mineral Impacts	4.20	4-190
Engineering Considerations	2.4	2-36
Environmental Justice Considerations	4.3.2	4-13
Evaluation of Build Alternatives	2.8	2-64
Excavation and Fill Requirements - Construction	4.21.2	4-194
F ederal Approval for Interstate System Access	2.5.5	2-41
Federal, State, and Local Permits and Actions	4.22	4-199
Financing Tools	6.3	6-3
Flooding – Impacts	4.21.5	4-196
Flooding Risk	4.14.4	4-149
Floodplain and Flood Control Features	3.5.6	3-130
Floodplain Encroachment	4.14.7; 4.28.2	4-153; 4-305
Floodplain - Impacts	4.14	4-138
Floodplains – Mitigation Measures	5.5.1; 5.9.8	5-24; 5-37
Floodplain Modification	4.14.8	4-149

<u>IMPORTANT SUBJECTS</u>	<u>PRINCIPAL LOCATION</u>	
	<u>Section</u>	<u>Page</u>
Floodplain Values	4.14.6	4-152
Funding – City of Dallas	6.1	6-1
G eography and Topography	3.5.1	3-111
Geology and Soils	3.5.3	3-113
H abitat Fragmentation	5.3.2	5-19
Hazardous Waste Sites - Minimization of Impacts	5.7	5-29
Hazardous/Regulated Material - Construction	4.21.9	4-198
Hazardous/Regulated Materials - Existing	3.9	3-179
Hazardous/Regulated Materials - Impacts	4.18	4-181
Hazardous/Regulated Materials – Mitigation	5.9.11	5-38
Heavy Trucks	1.6.6	1-58
High Quality Habitat – Mitigation	5.3.3	5-19
Historic Archeological Properties - Impacts	4.7.2	4-81
Historic Archeological Resources - Existing	3.3.1.4	3-59
Hydrology	3.5.4	3-120
I ndirect Impacts	4.25	4-201
L and Use - Existing	3.1.1	3-2
Land Use Impacts	4.1	4-2
Land Use Plans/Policies	3.1.7; 4.2	3-32; 4-3
Levee Remediation Plan	2.7.1.1	2-53
Levee Stability – Associated Risks	4.14.5	4-151
Longitudinal Floodplain Encroachment	4.14.7; 4.28.2	4-153; 4-305
M ajor Activity Centers	3.1.3	3-8
Man’s Environment	4.24	4-201
Microclimate – Potential Impacts	4.11.1	4-127
Migratory Birds - Mitigation	5.3.5; 5.9.6	5-21; 5-35
Mitigation Commitments	5.9	5-33
Mobile Source Air Toxics	4.15.5	4-159

<u>IMPORTANT SUBJECTS</u>	<u>PRINCIPAL LOCATION</u>	
	<u>Section</u>	<u>Page</u>
Movement of Freight - Existing	3.2.4	3-40
Movement of Freight – Impacts	4.6.4	4-76
Municipal Separate Storm Sewer System	5.2.2	5-17
N atural Resources - Construction	4.21.3	4-194
Natural Resources - Existing	3.4	3-73
Navigation	3.5.7	3-145
Neighborhoods - Minimization of Impacts	5.1.2	5-7
No-Build Alternative	2.2	2-11
Noise Environment - Existing	3.7	3-153
Noise - Impacts	4.16	4-155
Noise Impacts - Construction	4.21.7	4-197
Noise Impacts - Construction - Minimization of Impacts	5.8.3	5-32
P arks and Recreational Areas - Existing	3.3.2.2	3-68
Parks and Recreational Areas - Impacts	4.7.3	4-93
Parks and Recreational Areas - Minimization of Impacts	5.6.2	5-28
Passenger Airports - Existing	3.2.3	3-39
Passenger Airports - Impacts	4.6.3	4-74
Pedestrian and Bicycle Facilities	3.2.5	3-43
Pedestrian and Vehicular Safety – Construction	5.8.1	5-31
Physical Environment Setting	3.5	3-111
Practicability Analysis	2.8	2-64
Prime and Unique Farmland	3.4.9	3-110
Project History	1.1.2	1-6
Project Requirements - FHWA	6.9	6-10
Project Setting and Scope	1.1.1	1-2
Protected Species Mitigation	5.9.5	5-35
Public Transportation - Existing	3.2.2	3-38
Public Transportation – Impacts	4.6.2	4-74
Public Works Projects	3.5.8	3-147

<u>IMPORTANT SUBJECTS</u>	<u>PRINCIPAL LOCATION</u>	
	<u>Section</u>	<u>Page</u>
Pump Stations	2.7.2	2-60
Purpose and Need	1.2; 1.3; 1.5	1-13; 1-14;1-40
R are Species	5.3.4	5-21
Reasonable Alternatives	4.28	4-301
Regional Ecology	3.4.2	3-74
Relocation and Displacement - Available Replacement Properties	4.4.3	4-57
Relocation and Displacement Impacts	4.4	4-51
Revegetation	5.3.1; 5.9.4	5-18; 5-35
Right-of-Way Considerations	2.4.2	2-37
Roads and Highways - Existing	3.2.1	3-36
Roads and Highways – Impacts	4.6.1	4-66
S afety	1.4; 4.6.6	1-37; 4-79
Schools, Community Services/Facilities, and Places of Worship - Existing	3.1.4	3-12
Section 4(f) Applicability	4.10	4-127
Setting and Scope	1.1.1	1-2
Social and Economic Conditions	3.1.5	3-13
Social Impacts	4.3	4-9
T emporary Impacts During Construction	4.21	4-192
Texas Pollutant Discharge Elimination System	5.2.1	5-16
Threatened and Endangered Species - Existing	3.4.7	3-100
Threatened and Endangered Species - Impacts	4.9.3	4-118
Toll Collection Facilities and Payment	2.6.2	2-43
Tolling – Regional Analysis	4.27	4-296
Tolling Requirements	2.6.4	2-51
Toll Road Implementation	2.6	2-42
Toll Road Justification	2.6.1	2-42
Topography, Geology, and Soils	4.12	4-129
Traffic Conditions - Influencing	1.3.2	1-15

<u>IMPORTANT SUBJECTS</u>	<u>PRINCIPAL LOCATION</u>	
	<u>Section</u>	<u>Page</u>
Traffic Conditions – Existing and Forecasted of Regional	1.3.3	1-25
Traffic Conditions – Existing and Forecasted of Local	1.3.4	1-29
Traffic and Revenue Analysis – Future	6.7	6-10
Traffic and Public Safety	4.6.6	4-79
Traffic Modeling - Toll Based	2.6.3	2-49
Traffic Volumes and Level of Service	1.3.4.2	1-31
Transportation Impacts	4.6	4-65
Transportation Projects	3.2.6	3-45
Transportation Setting	3.2	3-36
Travel Patterns and Accessibility	4.6.7	4-79
Trinity Parkway Corridor MTIS	2.1	2-2
Trinity Parkway Development Process	1.6	1-41
Trinity Parkway MTIS	1.6.2; 2.1	1-51; 2-2
Trinity River Main Stem – Impacts	4.14.3	4-141
U niform Relocation Assistance and Real Property Acquisition	4.4.2	4-57
Uniform Relocation Assistance and Real Property Acquisition - Compliance	5.1.1	5-2
USACE Permitting	1.6.5; 5.5.2	1-57; 5-25
Utilities - Existing	3.1.2	3-5
Utilities - Impacts	4.19	4-186
V alue Engineering	5.8.4	5-33
Vegetation Resources - Existing	3.4.4	3-91
Vegetation Resources – Impacts	4.9.1; 5.9.2	4-111; 5-34
Vegetation and Wildlife - Impacts	4.9	4-110
Visual and Aesthetic Conditions	3.8	3-156
Visual Changes - Construction	4.21.8	4-198
Visual Impact Analysis	4.17	4-175
W ater Feature Impacts	4.8	4-103
Waters of the U.S. including Wetlands	3.4.3; 5.4; 5.9.7	3-78; 5-22; 5-36

IMPORTANT SUBJECTS

PRINCIPAL LOCATION

	<u>Section</u>	<u>Page</u>
Water Quality and Water Use – Potential Impacts	4.13	4-130
Water Quality and Water Use – Agency Coordination and Requirements	4.13.1	4-130
Water Quality - Construction	4.21.4	4-195
Water Quality - Existing	3.5.5	3-125
Water Quality - Minimization of Impacts/Mitigation	5.2; 5.9.3	5-15; 5-34
Wetlands - Minimization of Impacts	2.8.6.1	2-131
Wild and Scenic Rivers	3.4.8	3-110
Wildlife Habitat - Existing	3.4.5	3-96
Wildlife Resources - Existing	3.4.6	3-99
Wildlife – Potential Impacts	4.9.2	4-115

[END OF CHAPTER]
