Customer thankful for help provided by Roadway Customer Service:

“I was genuinely afraid for my life broken down in the blind turn @ Bush and Stemmons. He showed up with lights and cones, and saved my behind! When he was finished I offered a tip and he refused to take a tip! Thank you again.”

● provide a safe and reliable toll road system ● increase value and mobility options for our customers ● operate the Authority in a businesslike manner ● protect our bondholders ● partner to meet our region's growing need for transportation infrastructure.
