

TOLLTAG INSIDER

December 2022

We know our website can be a – well, let’s say creative challenge to navigate. But fantastic news is on the horizon – next week we will debut a newly redesigned website, which was created with you at the heart of it. We thank the many customers who took part in helping us with the design, providing valuable feedback and input that will benefit everyone.

We are thrilled to bring you a user-friendly website with a fresh, modern design that makes it quick and easy to take care of your toll business. We streamlined the website to feature only the information you care about and need.

You will easily find everything you want to know about NTTA: from what’s happening on and with our roads, to quickly checking your TollTag account, to giving you an easy way to share with friends and family how to start saving by getting a TollTag.

Want to know about travel times on NTTA roads? Get a quick calculation of tolls for your route? Learn if your commute includes construction? Now it’s literally no more than a couple clicks away.

You’ve got questions. We have answers that you’ll be able to find fast online!

Check out ntta.org next week and let us know what you think of the new website design at: TalktoNTTA@ntta.org. We look forward to getting your feedback.
