

CONSTRUCTION ALERT

DNT ramps closed for DNT Widening Project in Frisco

What ramps are closed to traffic?

The northbound entrance ramp from SH 121/Headquarters Dr. and the southbound exit ramp to SH 121/Headquarters Dr.

How long will the ramps be closed?

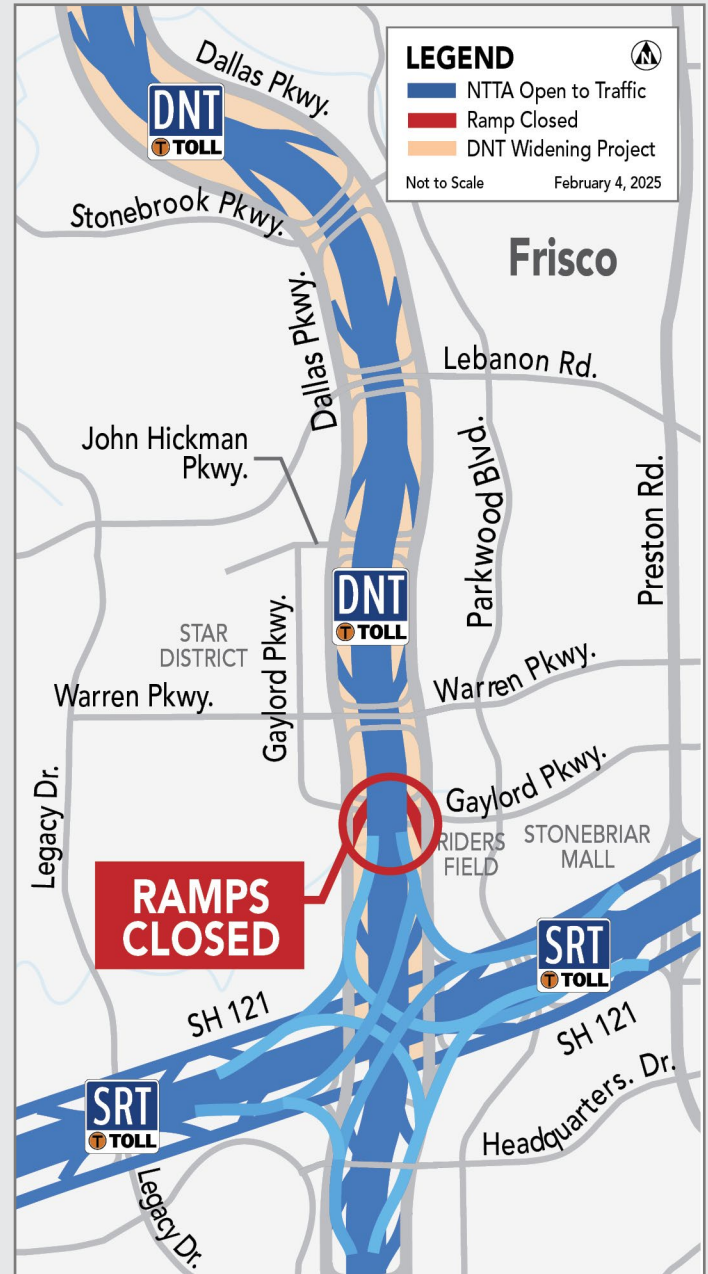

- The northbound entrance ramp: approximately 2-3 months
- The southbound exit ramp: approximately 4 months

Why will the ramps be closed?

To make room for the additional fourth lanes in this area, ramps need to be closed to traffic to safely work on DNT main lanes. When the ramps reopen to traffic, major work in this area will be complete between SH 121 and Warren Pkwy.
