

NTTA Autopay Terms of Use

NTTA's ZipCash monthly autopay program ("Program") offers enrolled customers a 25% discount on NTTA tolls. By enrolling in the Program, customers agree to the following terms:

1. Except as noted below, [NTTA's ZipCash Agreement](#) applies to tolls incurred under the Program.
2. NTTA will send monthly electronic communications about your account (including toll invoices) by email and/or text message, depending on your communication preference. Remember, you **will not** receive ZipCash invoices by mail, so it is important to check your emails/texts and keep your contact information up to date.
3. NTTA will send electronic invoices showing tolls charged at the standard ZipCash rate, as described in the [Toll Rate Schedule](#) in effect at the time of the toll. When NTTA successfully charges your credit card on your scheduled payment date, you will pay the discounted Program rate for tolls incurred on NTTA roads. If your credit card is declined or if a valid card is not on file at the time your payment is due, you **will not** be eligible for the Program rate for that invoice. You will still receive your invoice electronically, but you will pay the standard ZipCash rate and any applicable late fees.
4. Non-NTTA toll roads, including certain toll roads owned by TEXpress Lanes, are not eligible for the Program rate. If you need to update your email address and/or credit card information, please [log in](#) to your ZipCash account.

Customers can contact NTTA at (972) 818-6882 or (817) 731-6882 with questions.
