

# Dallas North Tollway Widening Project

FEBRUARY 2026

The Dallas North Tollway (DNT) has been widened between the Sam Rayburn Tollway (SRT) and US 380 to accommodate population growth in the area and improve access to business and entertainment venues.

This project added an additional lane in each direction to help traffic flow as population growth continues in Collin and Denton counties.

Along with widening the DNT mainlanes, the project team is reconstructing the intersection and DNT bridges over Fields Pkwy. in Frisco.

Opened to traffic: August 2025

PROJECT SECTIONS	IMPROVEMENTS	SEE PROJECT MAP
SRT to US 380	Addition of a fourth lane in each direction	

## RECENT PROGRESS

- Placement of final pavement markings and striping on the mainlanes and ramps was completed mid-December.
- Construction of the U-turn lanes under the Gaylord Pkwy. bridge is complete.

## WHAT'S NEXT?

- Final construction of the U-turn lanes under the Fields Pkwy. bridge is ongoing.
- Landscaping and signing work will continue into the spring.

## PROJECT UPDATES IN PICTURES

Fourth lanes striping complete

Landscaping prep underway
